

COX REFUSES "TAINTED" MONEY

In His Campaign For Presidency
—Huge Sums Being Spent By
G. O. P. Candidates

(By Associated Press)
Washington, May 25—Walter Vick, manager of the presidential campaign of Governor Edwards, of New Jersey, denied before the Senate investigating committee today, that any liquor interests were "under writing" the Governor's campaign. Vick said the total sum raised for Edwards was \$12,900. He asserted the Edwards campaign is "not a wet campaign in any sense of the word, and that he is running solely on the platform of his personal convictions." He declared the liquor interests had not undertaken to finance the campaign.

John F. Lucy, manager for Herbert Hoover, told the committee \$66,332 were Hoover's campaign expenses for the republican nomination, exclusive of the California primary expense, he said, the total receipts were \$62,185.

J. W. Bullock, Senator Owen's campaign manager, told the committee that approximately \$10,000 were raised for the Owens' campaign. Samuel Untermyer of New York, gave \$1,000. He was the largest contributor.

Disclosures of finances, interwoven with the candidacies, came fast and furious, with the following high spots in the day of confession of the campaign managers:

1. Frank Harris Hitchcock, former Postmaster General and "generalissimo" of Major General Leonard Wood's forces, said to be supported by a committee of multimillionaires, "dodged" the production of actual figures on Wood expenditures, which, he admitted, were "too extensive."

2. Gov. Frank O. Lynden's manager, L. L. Emmerson, of Illinois, Secretary of State, "confessed" the use of \$104,000 in their part of the republican contest, \$38,000 going into Missouri alone for the capture of 36 delegates named by the state convention.

3. Senator Miles Poindexter, of Washington, republican, admitted having collected \$75,000 from shipyard owners and New York bankers, to finance his fight for the republican nomination, \$50,000 being spent for publicity.

4. Senator Hiram W. Johnson, of California, was shown to have spent near \$72,000 in addition to what California friends spent in his behalf.

5. Edmund H. Moore, national committeeman and manager for Governor James M. Cox, of Ohio, democrat, reported country-wide expenditures of but \$22,000, and challenged the republicans to look into the Wood fund in the Ohio primaries, which, he said, would "make the Newberry extravagance in Michigan look like 'piker' play."

"We have no pledges on cabinet positions nor anything else," testified Mr. Moore. "We say that if our candidate is elected he will be a democratic President, that is all."

"What about the republican expenditures in the Ohio primary election?" asked Senator Wm. S. Kenyon, of Iowa, chairman of the subcommittee.

"I have been in politics for almost forty years," Mr. Moore replied, "and if I know a chicken hawk from a hand saw, there was more money expended by the republicans in the pre-primary election campaign in Ohio than I ever saw used in any general election," he replied.

When asked whether or not he could name some persons involved in the use of the money he said he knew 20 from whom the committee could learn much. He said that it constituted a "public scandal."

"Can you tell us who is treasurer of the Wood campaign?" asked Senator James A. Reed, of Missouri, democrat.

"I know who the angel was," he answered. "William Cooper Proctor, of Cincinnati."

With reference to the Cox candidacy, Mr. Moore submitted figures showing approximately \$22,000 had been subscribed to finance the pre-convention presidential campaign of the Ohio governor. Of this amount, \$19,600, including a contribution of \$2,500 from Governor Cox, was obtained from personal friends of the governor and \$3,000 was pledged in Kentucky. A list of contributors mainly from Ohio, with contributions ranging from \$200 to \$2,500, also was submitted by Mr. Moore.

The witness testified that between \$8,000 and \$10,000 had been spent in building up an organization in Kentucky, while the aggregate of all other expenditures, principally for publicity, was in the neighborhood of \$7,500 leaving a surplus of approximately \$2,500. "Unfortunately," he said, "there were no 'eminent reformers' eager to contribute to the Cox campaign, and we did not care for any tainted money."

KY. HEIRS SEEK SISTER'S FORTUNE

(By Associated Press)
Hodgensville, Ky., May 25—Arthur Jackson, a brother, and other heirs of Mrs. Nina Lee DeLoney, whose husband was known as "Bluebeard" Watson, and who recently confessed to the murder, announces that the counsel they have employed has left for California to search for Mrs. DeLoney's \$20,000 estate. The heirs are confident they will be able to recover a large part of that sum.

SECOND JUMP IN COAL PRICE HINTED

The second increase in coal prices is expected at any time. The unofficial report from the Hazard fields shows the mines operated only two days during the last week, a falling off in car supply from the previous seven days of approximately ten per cent or only 35 per cent of the number needed being furnished by the railroad. Coal prices are due for another jump, in the opinion of several local operators and dealers. The big manufacturers have again run short and are offering premiums that are boosting price of run of mine coal to \$7.50 and \$8 a ton. Under these conditions an increase from \$1 to \$1.50 is predicted in retail prices.

BRYAN TAKES ISSUE WITH PRESIDENT

(By Associated Press)
Washington, May 25—Wm. J. Bryan took issue today with President Wilson on the question of American mandate over Armenia. Declaring in his statement "any mandate would be impossible," The United States, Mr. Bryan said, could do more toward making the world safe for democracy, "even for democracy in Armenia," by recognizing the League of Nations as the friend of all the little countries.

He said that any mandate over Armenia would involve us in an enormous expenditure at a time when war taxation is still a grievous burden, and would involve us in the politics of Europe and compel us to deal with implacable race hatreds. It would involve us in a fierce commercial rivalry with the big nations and, worst of all, compel us to surrender the vital principle of democracy, namely, that all people are capable of self-government.

Berea Students Visit Here

More than 50 students from Berea College were in the city Monday night on a sight-seeing tour and spent some time in the city. They had lunch and visited briefly at the State Normal and other places of interest. The trip was made in automobiles, some of the vehicles being decorated in class colors, etc.

T. K. LISLE DIES AT MISSOURI HOME

Passing Of Former Resident And Well Known Madison County Citizen

The death of T. K. Lisle, a former resident of Richmond and Madison county at Butler, Mo., is announced from the west, the following accurate and detailed facts concerning his early and life appearing in the Butler, Mo., Daily Times: T. K. Lisle, one of Butler's best known and highly respected citizens, died at his home in the north part of town Tuesday morning, May 4, after a long illness of a complication of diseases.

Theodore K. Lisle was born in Madison county, Kentucky, July 13, 1842. He grew to manhood in that county, where November 2, 1875, he was united in marriage to Miss Nannie Harris, who survives him. To this union were born five children, three of whom are still living. They are: H. C. Lisle, Richard Lisle and Mrs. C. H. Letton, all of this city. In the fall of 1879 they came to Missouri and located on a farm in Summit township where he engaged in farming and live stock dealing until 1885, when they removed to this city where they have since made their home.

T. K. Lisle was of that type, now fast passing away, the old time southern gentleman. Chivalrous and hospitable, no stranger was turned from his doors empty handed. He was strong in his beliefs and convictions and possessed the courage to at all times express and stand by those convictions. More than a half century ago he was made a Mason at Richmond, Kentucky, and soon after he was made Master of that lodge. In political belief he was a Democrat and was always active in the councils of his party, serving at one time as chairman of the Bates county Democratic committee. In 1902 he was elected recorder of deeds and made an enviable record in that office for the next four years. At the expiration of his term of office he retired from active business life and has enjoyed a well earned rest after an active and useful life of many years.

Funeral services, conducted by Rev. J. Baxter Clyde, were held at the home Wednesday afternoon. The services at Oak Hill cemetery were in charge of the Masons, of which order he was for many years an honored member.

SCORES SUMMONED BEFORE GRAND JURY

There was one of the largest array of witnesses for some time in Richmond and many are said to be breathing easy, since they are here at the request of the sheriff, having been summoned before the grand jury. The session began Tuesday morning and it is not known when the work will be closed, since there were more than 50 witnesses called from Berea and vicinity alone.

There are a number from the city of Richmond and immediate vicinity who have been called upon to give testimony as well as other parts of the county and the hearing is to be the most extensive recorded for some time. There are men and women, both white and colored, some asserting that they "have no idea" what the grand jurors intend quizzing them about.

PANOLA MEMORIAL DAY

Preparations are being made for the annual observance of Memorial day at Panola, on next Sunday, May 30. The program, which will be very appropriate, will be carried out at 2:30 o'clock in the afternoon at which time the graves will be decorated.

Secretary N. G. Todd, of Brassfield was in Richmond Tuesday and reported plans were being made to receive one of the largest gatherings in years. While the official program has not been completed, there will be speaking and special music.

The Same Old Villa

(By Associated Press)
El Paso, Texas, May 25—Gen. Francisco Villa, bidding defiance to the newest Mexican government, again has become an outlaw among his own people. With a small force he was reported today near Juarez, Chihuahua. Villa is now the hunted quarry of the defacto troops, with a price of a hundred thousand pesos on his head.

BIG "AUTO TRAIN" ENROUTE TO SOUTH

An "auto train," comprising more than 100 cars, passed thru Richmond at an early hour Tuesday morning, headed for points south. There were more than 300 vehicles in the train when it left Detroit, some of them diverging at northern points for other cities as far south as Jacksonville, Fla. There have been many trains of this character pass thru recently however this is the most extensive one in evidence. One of the drivers said he had been making trips out of Detroit with new machines for more than three months, and that this was now recognized as the "only sure" way of delivering cars. When nights will permit of it, he said that many of the drivers stayed at their posts until a late hour, and were up early and going the next morning. Hundreds of young men are employed in delivering machines throughout the country, from the factories, he commented.

Union City Eighth Grade Commencement

Tuesday night will be graduation night for the pupils of the Eighth grade at the Union City school. An interesting program has been arranged. Attorney John Noland will present the diplomas. Following is the class roll:

Cornelia Baber, Margaret Miller, Erle Mobrey, Walter Moores, Nellie Noland, Lillie Noland, Anna M. Taylor, Reulah Taylor, Edward Tevis, and Tom West.

The annual sermon was delivered Sunday night by Dr. E. C. McDougle, dean of State Normal. "The Quest of the Pink Parasol" was presented Monday night. On Wednesday night the operetta, "All a Mistake," will be presented. Thursday night, commencement night, Prof. G. D. Smith, State Normal, will deliver the address.

Funeral Of Curren Lamb

The funeral services of Curren Lamb, 52, who died at his home, Boggs Lane, were held Monday afternoon at his home, Dr. E. C. McDougle officiating. Interment in Richmond cemetery. Mr. Lamb was a member of the Christian church and well known in the vicinity in which he lived.

Damage Suit Held Up

The suit for damages, Hill vs. the city of Richmond, which was to have been heard in Madison circuit court Monday, was postponed until Thursday, owing to the death of Mrs. Dave G. Martin. The case, it is expected, will be disposed of before the end of the week.

Fought Close Together

An interesting meeting Hubert Carpenter, brother of Dr. Homer W. Carpenter, who is visiting here from St. Louis, had an interesting talk with Col. Dan Morgan Smith, both having been in three battles over in France at the same time without knowing it, until Mr. Carpenter learned of the battalion with which Col. Smith was connected.

Dr. Carpenter Attends Meeting

Dr. Homer W. Carpenter was in Lancaster Monday where he attended a meeting of one of the committees in charge of the Disciples Movement. He is one of the opinion that the movement will represent one of the greatest of its kind ever undertaken.

SUNDAY SCHOOL CONVENTION

An interesting program has been arranged for the Richmond District convention at the Methodist church Tuesday night. The county Sunday School organizations are anxious that district conventions be held throughout the county and this will doubtless be determined at the meeting will be held Friday morning at Episcopal church, and those interested are urged to attend. The meeting will be held at 9:30 in the morning and prayers will be said for those desiring.

WEST VIRGINIA PRIMARY TODAY

Double Election Law In Evidence and Returns Will Be Expected Soon

(By Associated Press)
Charleston, W. Va., May 25—Names of four candidates for President and complete state and county tickets were presented to West Virginia voters when they went to the polls today for the state-wide primary. The election was conducted under the double election board law, and it was expected that results would be known soon after the polls closed, except in those mountain counties with which communication is difficult.

The presidential candidates on the ticket were all in the Republican column. They were, Louis Adam Baird, of Parkersburg, W. Va., United States Senator Howard Sutherland, of Elkins, W. Va.; William Grant Webster, of New York, and Major Leonard Wood. No candidates were listed on the Democratic ticket, but it was expected that many Democrats would indicate their preference by writing in the names of their favorites.

All candidates for delegates to the National conventions are required under the law to say whether they will support the popular choice of the primary election. Of the 25 candidates for delegate-at-large all but one have declared they will obey the mandate of the voters of his party. Nineteen candidates for delegate-at-large are Republicans.

Three Republicans are seeking the nomination for governor—Fred Grosscup, of Charleston, Ephraim F. Morgan, of Fairmont, and Samuel B. Montgomery, of Kingwood. The Democratic candidates are Arthur B. Kootz and Adam B. Littlepage, both of Charleston.

KENTUCKY BREAKING MOONSHINE RECORDS

Washington, May 25—More moonshine whisky is being made in Kentucky since the advent of national prohibition than ever before in history, according to letters received here and turned over to prohibition enforcement officers, it was learned today.

Most of the information concerning illicit stills in Kentucky comes from mountainous sections of the eastern part of the state.

Greater demand for the moonshiner's product since the clamping down of the prohibition lid is given as the cause of the increased business being done by the illegal stills. Information received here is to the effect that white liquor is being sent by many ingenious devices to adjoining states. Officials of the enforcement division of the Internal Revenue Bureau, are planning to cope with the situation in Eastern Kentucky.

Disagreement Of Jurors

In the circuit court Saturday afternoon, the jury in the case of Mrs. Hugh Dargavel, tried for lunacy, after considerable deliberation, reported that it was unable to disagree and was dismissed. Another was selected to hear the evidence Monday.

In the Madison circuit court, the case of Mrs. Mary F. Hill vs. the city of Richmond for damages resulting from injuries alleged to have been sustained in a fall several months ago, is being heard. The plaintiff claims that the condition of the sidewalk was responsible for her falling, sustaining serious injuries.

POLICEMAN'S SENTENCE ON MURDER CHARGE, AFFIRMED

Frankfort, Ky., May 22.—Policeman John Middleton, Harlan, who shot and killed Steve Philpot in December, 1918, must serve 21 years in prison. The Court of Appeals in an opinion by Chief Justice Carroll yesterday affirmed the judgment of the Knox circuit court, to which Middleton's case was taken on a change of venue. Middleton and other policemen were armed, searching for bootleggers, when they saw a man running with a pistol in his hand. Middleton said he called for the man to stop, and wheeled and pointed the weapon, whereupon Middleton fired. Philpot in a dying condition declared he was shot down in cold blood.

TRUCK TRANSPORT COMPANY ORGANIZED

Richmond to Be Made Important Headquarters For Shipping and Distribution

Richmond is to be the headquarters for a truck transport company since local and Louisville business men have perfected the organization of a company and this city will represent the northern headquarters with another distributing center at Louisville. What will be known as the Blue Grass Motor Transport Co., will be in evidence during the coming week, when the Richmond headquarters will be opened. This will be the McKee rink building, south of First St. This has been provided and will mark the first service station of the kind yet established in this part of the state, and the first one in the way of a through truck transport service.

E. H. Sandlin of this city, together with E. L. Carter, and W. P. Gilman, of Louisville, are the promoters of the company. Mr. Sandlin will have charge of the business at this end of the line. Regular transport service via truck, will be maintained, beginning within a short time.

The company, besides making Richmond the headquarters for this service station, will put in an extensive line of autos, mostly slightly used in order to supply the demand which cannot be served with new cars. The supply will comprise trucks, large and small and almost every conceivable kind together with all makes of automobiles. Thus the local establishment will represent a clearing house, in a way as well as a shipping center. The company will be ready to operate it within a few days, the local headquarters having been procured. The first installment of machines will arrive soon.

BIG PRIZES FOR THE OLD FIDDLERS

The liberal donation of prizes by business men of the city assures considerable reward for the artists appearing Friday night at the old fiddlers' contest at State Normal. The prizes are valued at approximately more than \$100 and there have been a number of inquiries regarding the contest by many who have signified their intention of taking part. Prof. G. D. Smith, of the science department, feels assured that there will be the usual large attendance featuring the event. The list of donors together with their contributions is as follows:

Madison Laundry, \$1; Hamilton Brothers, \$5; Oldham's restaurant, \$3; A. Dobrowsky, set of bango strings; J. S. The Republican leaders are busy at Washington this week, patching together their platform. The "trained" members of the Grand Old Party are working on the scheme, and must be an irreverent soul who does not anticipate from their labors a most finished document of the day—a complete and perfect mosaic, not through with the beams of remorse, seamed with gold, ornamented with elaborate configurations, symbolic of Lafayettean patriotism, Johnsonian Americanism, Lodgeistic internationalism, subscribed with the names of artists like Knox, Penrose,

Newberry, Lenroot and sealed with a scheme? Camouflage. It takes artists for such work; and no little amount of it is required to conceal the outstanding features of the approaching campaign, in which the Republicans will be ashamed to point to the record they have made and afraid to stand on the issue they have raised.

The past week in the financial circles of the country has determined more forcibly than ever before the resiliency of the Federal Reserve System and its powerful influence in giving stability and security to the mobile wealth of the country. Under a crisis much less pronounced, the old system in 1907 broke down, and distress afflicted the nation, enveloping many strong institutions in black disaster. It had been no time and again in the decades preceding, with nothing like a remedy ever offered by the party in power, until the people gave full confidence of the Democratic party, when with control of both the legislative and executive branches of the government, it was able to provide the efficacious remedy found in the Federal Reserve System, which now gives confidence and strength to all the people.

DIDN'T KEEP FAITH, SAYS FOWLER

(By Associated Press)
Wilkes Barre, Pa., May 25—Charges that the government failed to keep faith with soft coal miners by failing to enforce on operators the award of the presidential bituminous coal commission, were made here today by David Fowler, of Scranton, international organizer of the United Mine Workers of America, in an address before the tristate convention of anthracite miners, convened to dispose of their wage controversy.

The associated Kentucky miners never received the advance that the government promises through the bituminous commission Fowler asserted, adding that operators in Alabama and West Virginia have not lived up to their agreement.

IRVINE ROAD WORK IS PROGRESSING

Valuable Stone Discovered Near Scene, Causes Plans To Be Changed

State Road Inspector Chambers, of Nicholasville, is co-operating with Engineer Baxter, of Madison county and the work on the Irvine road is progressing rapidly. Contracts for furnishing rock have been let as follows: first three and one-half miles to S. N. Moberly; C. L. Searcy, rock for two miles, and the remainder to Wagers & Duncan. The sand and other material is arriving and the lumber and steel for the bridge work is on the scene of operations. There is a goodly number of men at work. The stone has been donated free of cost to the county and this will facilitate matters in more ways than one, since it is now assured this will be delivered without delay.

A change has been made in the original plan of building the head-walls, it being discovered that an excellent grade of stone, just suitable for this, can be procured within a stone's throw of the work, and is much better than concrete which was decided upon in the original plan. It is claimed by those in charge of the work that this will render the walls even better and stronger than concrete and the stone will be used.

With favorable weather next week will find a great stride taken in the progress of the work, since all of the necessary material is at hand, and the supply of teams and workmen is adequate. The work is progressing in accordance with the ideas of the state inspector who is on the job every day and Mr. Baxter believes that it will be one of the most successful and thorough pieces of public highway work to be found in the county when finished.

RAILWAYS TO ADD TO EFFICIENCY

(By Associated Press)
Washington, May 25—The railroads of the country "expect" to show increased efficiency and reduced expenses under private operation, Daniel Willard, president of the Baltimore and Ohio Railroad, said today at hearings before the Interstate Commerce Commission on the application of carriers for freight rate increases of more than a billion dollars to meet the guaranteed annual six per cent return.

WISLANDER BARRED, JUST LIKE THORPE

(By Associated Press)
Antwerp, May 25—Wislander, the all around Swedish athlete who was second to Thorpe in the 1912 Olympic games as individual champion, has met with the same fate as Thorpe—disbarment from competition in the 1920 Olympiad, for his refusal to accept the prizes won by Thorpe but awarded to Wislander when Thorpe was declared a professional, according to Swedish athletes who attended the Olympic ice events here.

Wislander has steadily declined to accept the medals and statuettes on the ground that they were not his, but Thorpe's; by right of victory and these awards still are in the hands of the 1912 committee at Stockholm.

For refusing to accept the committee's rulings, Wislander has been barred from Olympic competitions.

Governor Alfred E. Smith, of New York, signed the Walker bill, legalizing beer with a 2.7-5 per cent alcoholic contents. Effectiveness of the law will depend on the Volstead prohibition enforcement law.

YOU ARE LOSING MONEY

Many a farmer is doing this very thing from day to day, and still he does not realize it. The first day your hands are idle have them go over the farm, and pick up the old iron, bones, rags and junk, load it on a wagon, and bring it to us, and get the high market price. We also want your country produce and willing to pay the price.

Closing Out Sale

Beginning

Wednesday, May 26

Having decided to quit business at Silver Creek, I will offer for sale at wholesale prices my entire stock of goods, consisting of

GENERAL MERCHANDISE OF ALL SORTS

and store fixtures. Will sell as whole and if not disposed of that way, I will give the public generally the benefit of wholesale prices in closing out my stock of Shoes and Dry Goods.

This is a splendid opportunity for some one to obtain enough goods of all sorts to stock a fine little country store. Stock is fresh and good, and worth more today than you can buy it for. Better see me quick for some one is going to snap this bargain up.

Keep The System Clean
And You'll Be Healthy

Elimination helps to avoid colds, headaches and epidemics

ANYONE who has watched himself know there is nothing so important to health and comfort as regular daily elimination. Half of the minor illnesses of life are due to neglect of this. The five million men who were in our army know the importance of the doctor attached to this function.

By all means try to regulate yourself by intelligent diet and exercise, but when these fail you will need a laxative, one as near to nature in its action as skill can make it. In the opinion of many thousands of good Americans such a one is Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin. It acts promptly, gently and without griping and will with certainty regulate any tendency to constipation that you may have.

Take it when you feel drowsy, dizzy or listless, when you feel a cold or a fever coming on, when there is an epidemic, when you have eaten anything about which you are in doubt. It is at such times that you need to be free of poisons and of fermenting foods. You can buy Dr. Caldwell's Syrup Pepsin at any drug store. Thousands of families have it constantly in the house against emergencies.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

Sparks—Sebastian

One of the most beautiful weddings which has occurred recently was that of Miss Bettie Mae Sparks and Rev. Dillard Floyd Sebastian which took place Monday at Silas Baptist church in Paris. Rev. Wm. Stallings officiating. The church was beautifully decorated with ferns and spring flowers, the wedding colors, yellow and white being carried out in the decorations of the church. Reverend John T. Stallings and J. B. Head were ushers. Before the bridal party entered Miss Alma Florence Robinson of Georgetown sang sweetly "I love you dear" and "Oh promise me". Miss Ruth Collins accompanied her on the piano and also played the wedding march. The flower girl Ruth Sparks, beautiful little cousin of the bride wore white crepe and carried march-antennal buds. The little ring-bearer, Julia Allen Skilman was dainty in white with yellow ribbons, and carried the ring in an Easter lily. Mrs. Walter Henderson Shropshire, the matron of honor was charmingly gowned in yellow crepe de chine and carried yellow roses. The bride was lovely in white satin and veil and carried brides roses. The best man, Rev. Edward N. Lawson entered with the bridegroom. The bride, who is a former student of Georgetown College, is the attractive daughter of Mr. and Mrs. Joseph Sparks. The bridegroom who is from Lancaster, is a gifted orator and one among the most popular students of Georgetown College. Rev. and Mrs. Sebastian left immediately for Washington, D. C., to attend the Baptist Convention upon their return they will reside in Burgin, where Mr. Sebastian will assume pastorate of the Baptist church—Contributed.

Among those from Richmond, who attended the funeral of Mrs. Overton H. Chenault in Lexington Monday were Mrs. T. D. Chenault, Sr., Mr. and Mrs. Harvey Chenault, Mrs. A. K. McGowan, Mr. and Mrs. Waller Bennett, Mrs. Harry Blanton, Mr. Thompson Burnam, Miss Lucia Burnam, Mr. Waller Chenault and Miss Betsy Bennett.

RICHMOND CENSUS BEING DISCUSSED

What Supervisor Terrill And Others Have To Say Relative To Richmond Population

The result of the taking of the census in Richmond, is creating much comment and the figures are being cused and discussed pro and con, principally the latter, but the result is that the figures have not been changed and the population, according to count of Uncle Sam's representatives, is unchanged. Some speak of the advisability of having a recount; others guessing at the prudence of having another count made while some are pondering about the best manner in which to have this work done over.

The matter as far as the government is concerned is at an end, and the figures stand. The work has been completed and the report officially returned by the enumerators. The compilation of the reports has been finished and the official work is closed. Should there be anything further in the way of a count, it would have to be at the expense of the residents of the city, say knowing ones, and then the result would not be officially recognized by the government. The only satisfaction gained would be in the belief that a large number of residents had either been overlooked, or, as one man said, probably counted twice.

Mr. R. B. Terrill, supervisor of census taking in this city and county as well as Garrard and Jessamine counties, in speaking of the returns said that it was doubtless a mistaken idea of many people that many were overlooked. He said that he had been approached by several who said that they had not been included in the list. They were taken to the records with the result that they had been solicited at their homes, and that they were correctly reported. "I can even show them the color of their eyes," said Mr. Terrill, in discussing the question. He stated that the time-honored custom of figuring five persons representing each voter applied well in the case of Richmond, since there are about 5,500 voters in the city, the census returns showing a larger proportion than five to the family. Mr. Terrill feels confident that the residents were all counted and that the work of taking the census here was thorough and complete.

E. C. Stockton—"I would naturally think there were at least 6,000 or 6,500 people in Richmond. One naturally believes, I think, that there are more people in his home town than there really are, but the report of the census was a surprise to me."

Mr. Waller Bennett, president of the Madison National Bank—"There are surely more people in Richmond than reported by the census. In fact, I am very sure of it. I know of several who have been missed. It is natural that a few would be missed in taking the census however. I cannot bring myself to believe but there are more people in Richmond than shown by the census."

Attorney W. B. Smith—"It is my presumption that the census-taking was reasonably correct, and, once taken, the government is through, so I think we had better just accept it as it is."

Judge W. R. Shackelford, Madison county circuit court—"I am not well enough posted upon the matter to criticize it, therefore I could not say anything, except that we will have to accept it, I expect as it is given to us."

County Judge W. K. Price—"While there may have been some overlooked, I expect that there are also a number who are being counted twice, since my daughter, Miss Florence, who is a resident of Richmond, has been officially recorded as a resident of Covington, where she is employed."

R. Edgar Turley, of the State Bank & Trust company—"I would like to see the figure at the 6,000 mark anyhow; it seems that there are even more than that here, however, I suppose the count is not a great way off. I should like to see it reach the 7,000 mark."

W. T. Griggs, druggist—"While it would seem that there are more than that number of residents in Richmond there are many changes to be considered. For instance, I had a family of seven here ten years ago while there are four of that number, my four sons, absent now. I would like to see or hear tell of about 7,000 people for Richmond."

H. C. Jones—"It is my opinion that there are more than 6,000 people in Richmond, but we will have to take the count as official. I expect, since I suppose there are many missed although it does seem that there cannot be less than 6,000 people here, if not more."

EVERYBODY ECONOMIZE

Nobody knows just how long the high prices for clothes are going to last; these prices are due to so many different causes all along the line from the raw wool to the finished product. The high cost of clothes isn't our fault, or yours, or any one person's fault, it's everybody's fault; it springs from causes that started long ago.

Now Comes the Overall Club

It's a good thing because it shows that people want to economize; they want to reduce the cost of clothes.

But just wearing overalls won't do it; people have got to save, they must buy only what they need and when they do buy—get the best because it saves and lasts longer.

We've been telling you for the last year how you could reduce the cost of clothes; get good ones; the all-wool kind that Hart Schaffner & Marx make. They last longer; you save because you buy fewer clothes.

SAVING MONEY WITH ELECTRICITY

How One Hotel Keeper Reduced A Big Item Of Expense

With the increased interest in farming and farm living from the efficiency standpoint, there is a great tendency on the part of the farmer to ask whether a proposed improvement will pay. Unquestionably most of the modern improvements offered to the farm home do pay in increased ability to produce profit bearing crops. And the keen farmer of today realizes this. But it is also interesting to note that some of the modern improvements do pay directly through the dollars and cents savings they effect.

Take for instance the matter of the electric vacuum sweeper. A certain hotel keeper in a middle western state found that the carpet, in the hotel reception room, which was cleaned by hand sweeping and an occasional beating, had to be removed every three years. He installed vacuum sweeper and found that his next carpet lasted for seven years instead of three. The reason was that hand sweeping removed merely the surface dirt and that the dust and fine grit left in the web of the carpet and beneath it, and ground into it by people walking on it, had been slowly cutting the carpet to pieces. When vacuum sweeping was installed, the shaking effect of the sweeper brushes and the suction of the fan drew all of this dirt and grit out, and left the carpet to stand merely the much easier wear of walking. The hotel keeper found that this saving through making his carpets last twice as long more than paid for the vacuum cleaning system.

And the same thing will appeal to the farmer's wife. She knows that a large amount of sand and dirt is brought into her house daily and that any system which will help her to keep her carpets free of it will be well worth while. Fortunately, the electric sweeper is at her service today through the development of the small electric light and power plants for farms. She's enjoying to the full the comfort and convenience of electric light, and in electric power she's finding a servant to do the washing, ironing, separating, churning and pumping as well as the sweeping.

A NERVOUS WRECK

From Three Years' Suffering, Save Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only case I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

THE YANDALL ESTATE

of 527 Acres in rich Boyle County, 4 1-2 miles from Danville on the Danville-Shakertown pike at

PUBLIC AUCTION

on the premises, at 10 A. M.

THURSDAY, MAY 27, 1920

This farm has been owned for years by Mr. L. P. Yandall, a wealthy New Yorker, who has used this farm for stock-raising—improving the soil and adding many improvements every year.

Several hundred yards from the pike, a beautiful Colonial brick house, surrounded by forest trees, a beautiful macadam drive with trees meeting in an archway over the driveway, such homes making the blue grass famous. An excellent water system with large watering troughs in every field, macadam drives, shrubbery, modern stock barns, silo scales and live tenant houses—every improvement a useful asset to the farm, not a rich man's waste of money.

THE SOIL—IS VERY RICH, IN A HIGH STATE OF CULTIVATION AND READY FOR TOBACCO OR HEMP. THIS FARM TO BE SUBDIVIDED AND SOLD IN FOUR SEPARATE TRACTS.

TRACT NO. 1—Contains 200 acres. The improvements consist of the Colonial brick residence of nine rooms. This home is built of the best materials—You enter a large hall, which runs the full length of the house, with two large rooms on each side, all woodwork finished in white enamel, hardwood floors, also large dining room, pantry, kitchen, etc., at the rear of the hall a closed-in sun parlor or sleeping porch, a large circular stairway to the second floor. There are 4 bright attractive bedrooms with closets and a handsome bathroom. The house is equipped with expensive electric fixtures, the electricity furnished from the Danville circuit.

A good servant house with all necessary outbuildings in excellent condition. Two very large stock barns on macadam drive can be used as tobacco barns, holding from 15 to 20 acres of tobacco, also four good tenant houses with outbuildings.

CROP—17 ACRES OF TOBACCO LAND BROKEN OUT OF BLUE GRASS SOD, AND 75 ACRES TO BE SOWN IN CORN, THE PURCHASER GETTING THE LANDLORD'S ONE-HALF INTEREST IN SAME.

45 acres now in wheat sown to blue grass, the purchaser getting all of same, the balance is in old blue grass sod and meadow. There is some rough land that is given FREE in this tract, it will be included in the deed, but not included in the survey to be paid for. This rough land is very valuable, as it has a great abundance of large timber, also some virgin soil which can be easily cultivated.

This tract is in a high state of cultivation, is ready for tobacco, hemp or any other crop, and is well watered. Landlord's possession on date of sale, including full possession of the main dwelling.

TRACT NO. 2—Contains 110 acres, adjoining tract No. 1, has very large pike frontage, is improved with excellent stock barn and large concrete silo, the barn will hold about 15 acres of tobacco. The purchaser having the right to move a nice neat cottage to this tract from tract No. 1, for a dwelling.

CROPS—12 acres of tobacco plowed from sod; 35 acres of corn, 20 acres in wheat, sown to blue grass, and 3 acres in potatoes, the purchaser getting the landlord's one-half of the tobacco, two-thirds of the corn, and all of the wheat and potatoes—the balance in clover sod. This tract is all ready for tobacco and hemp and is well watered, possession given on day of sale.

TRACT NO. 3—Contains 127 acres with wide frontage on pike, is well watered and ready for all crops—is very rich.

IMPROVEMENTS—A good 7 acre tobacco barn, same to be filled with tobacco grown on old blue grass sod. 25 acres in wheat sown to blue grass. 50 acres in blue grass sod—balance in clover sod. The purchaser getting one-half of the tobacco and all of the wheat. This tract is well watered, very rich and ready for tobacco, hemp, etc., possession given on day of sale.

TRACT NO. 4—Contains 90 acres, has broad pike frontage, is all in clover sod, and is in the highest state of cultivation, every acre is ready for all crops, and is well watered. Full possession given on day of sale.

All of the above tracts will be ABSOLUTELY sold on this day, as this is a DISSOLUTION SALE and will be sold for the high dollar regardless of the weather or price.
